

Assisi Bridge House  
600 Bull Run Road Schriever, Louisiana 70395

## Assisi Bridge House 2007 Annual Report (Admissions from 2006)

<b>Admissions in 2006:</b>	<b>63 residents</b>
<b>Rate of Occupancy:</b>	<b>92% of capacity</b>
<b>Average Length of Stay:</b>	<b>77 days</b>
<b>Length of stay 0 - 30 days:</b>	<b>14 residents</b> (22% of the ABH population)
<b>Length of stay 30 - 90 days:</b>	<b>24 residents</b> (38% of the ABH population)
<b>Length of stay 90+ days:</b>	<b>25 residents</b> (40% of the ABH population)
<b>Sober one year (qualified):</b>	<b>38%</b> (9 of 24 former residents with 90+ days who we have been able to contact)
<b>Sober one year (unqualified):</b>	<b>29%</b> (18 of 63 former residents. There may be more sober former residents but we have been unable to contact them).

We have been able to stay in touch with 24 of the 25 residents who remained in the Assisi Bridge House for over 90 days. Thirty eight percent (38%) of those 24 residents stayed sober for at least one continuous year. We have lost contact with many of the residents who stayed less than ninety days. The 9 residents reported here sober for one year, plus 9 other residents with less than 90 days for whom we have been able to verify a year's sobriety, represent 29% of the total 2006 admissions of 63 residents. There may be more former residents with one year's sobriety, but we have not been able to contact them.

### Independent Living Program

<b>Admissions in 2006:</b>	<b>9 residents</b>
<b>Rate of Occupancy:</b>	<b>65%</b>
<b>Average Length of Stay:</b>	<b>101 days</b>
<b>Sober one year (qualified and unqualified):</b>	<b>66%</b> (6 of 9 former residents)

Six of the nine men admitted to the ILP in 2006 stayed sober for one year.
